Mission Vision and Core Values

Mission

Through STEAM-focused academics, character education, social-emotional learning, and strong family support, TMSA prepares students to succeed in careers and to thrive as leaders in our diverse and technology-based society.

Vision

As a premier provider of STEAM education in North Carolina, TMSA educates the next generation of leaders to succeed in careers and contribute positively to their communities and the world.

Motto

Science Wisdom Peace

Values

The core values embodied by TMSA are:

- Inclusion: We seek to understand and value diverse perspectives, treat others with dignity and respect, and collaborate to find solutions which benefit and are equitable to all.
- Creativity: We learn, imagine, question, and explore the world with open minds. We are comfortable with ambiguity.
- Integrity: We are honest, take full ownership over our actions and choices, and have the courage to do the right thing.
- Leadership: We are proactive leaders in our schools and communities, making meaningful choices and developing independence.

- Empathy: We are compassionate and kind, respecting and nurturing the wellbeing of all individuals.

SCHOOL BELIEFS: A rigorous curriculum prepares students for higher learning and success in future life. A diverse learning community that recognizes and celebrates all people increases students' social awareness and prepares them for a global community. Students achieve more, both academically and emotionally, when they feel they are in a safe environment.

To achieve our mission, every member of TMSA (TMSA) must respect the right to learn for all members of the community. This can be accomplished by creating an environment that is physically, emotionally, and intellectually safe, orderly, and conducive to learning. The information in this handbook provides guidelines for behaviors and attitudes that will assist in creating and sustaining a positive environment, enhancing the opportunity for each student, parent, and teacher to contribute and learn.

INTENT TO RETURN PROCESS

Please note, if you enter an answer of NO on the Intent to Return OR do not fill out the Intent to Return form in a given time, this relinquishes your student's enrollment at TMSA and their spot will be filled. It is also worth noting: If TMSA receives a Request of Records from another school despite an affirmative answer on the Intent to Return, we will attempt to confirm with parent(s)/guardian(s) via phone call or email. If no response is given within 5 (five) school days or the parent(s)/guardian(s) confirms the request, the student placement will be relinquished to the requesting school and space will be filled. We cannot hold spots for students who are "on the fence" as to their enrollment choice. To regain entry into TMSA, the lottery/application process must be followed as it was upon initial entry into TMSA Public Charter Schools

TMSA PUBLIC CHARTER SCHOOLS CHAIN OF COMMAND

In Charter Schools such as the TMSA, the term Superintendent is used to denote the individual in ultimate charge of the Charter.

- **Superintendent** is in charge of district communications, financial concerns, administrator, teacher hiring/firing, teacher/admin performance evaluations, campus facilities, report filing, audits, and general governing of all school systems.
- **Principal** is an administrator and works with the Superintendent. The Principal oversees teacher hiring/firing, teacher performance evaluations, student conduct, attendance, behavior and disciplinary concerns.
- **Assistant Principal of Academics** is an administrator and works with the Principal and the Superintendent. The Assistant Principal oversees teachers, scheduling, testing, student accommodations (i.e. IEPs, 504s), and curriculum.
- **Assistant Principal of Operations** is an administrator and works with the Principal and Superintendent. The Assistant Principal oversees K-12 payment, field trip transportation, budgeting, finances, facility usage, and maintenance.

- **Assistant Principal of Student Culture** is an administrator and works with the Principal and the Superintendent. The Assistant Principal oversees school safety, attendance, and oversees student conduct, behavior, extra curricular activities and disciplinary concerns.

TMSA CHAIN OF COMMUNICATIONS

When issues or concerns arise with a teacher, staff member or administrator, students and parents are encouraged to address the situation with the person involved first. For example, if parents are unsure of a decision made in the classroom about a consequence given for behavior, they should discuss the situation with the teacher first. If after this discussion, a parent feels the situation is unresolved, it should be brought to the attention of the administrator dealing with student discipline (AP of Student Culture). If it is still not handled to the parent's satisfaction, the Principal should be notified. If after the Superintendent, the parent still has concerns, the TMSA Board.

If the situation involves finances or campus, the parent should follow the above procedure, but first, speak to the Superintendent. If a parent has a complaint about a teacher, policy or concerns about curriculum, the above procedure should be followed, but you need to speak to the Assistant Principal of Academics.

Teachers, staff, and administration are available through email, phone, in person by appointment, or our voice mail system.

Due to the busy schedules of the teachers and administration, parents are asked to not **"drop in"** for appointments but to schedule a meeting in advance.

Elementary School Academic Policies and Procedures

GRADING SYSTEM

Grading Scale

The following grading scale applies to 4th- 12th.

- A = 90-100
- B = 80-89
- C = 70-79
- D = 60-69
- F = less than 60

Grading Period, Interims, and Report Cards

Report cards are issued to students every nine weeks. Interim reports will be issued to all students at the midpoint of each quarter. Report cards will be sent home in the mail or electronically at the end of

each semester. Progress Reports will be given to your child at mid-semester. Progress reports will indicate if a student is on academic probation.

Required Number Of Classes

With the Elementary school Course of Study, all students are automatically enrolled in a full academic load. Part-time enrollment is not allowed.

Incentive Program/Honor Roll

Students in grades 3-5, after one quarter of grading from TMSA, will receive a "Reward Card" for varying levels of academic achievement.

Perfect or faithful attendance per quarter:

Perfect attendance awards will be given for missing zero days during a quarter

Faithful attendance will be given an award for missing 5 or less days per quarter

GPA for Reward Cards

3.8 – 4.0 GPA – Academic Excellence Card

3.5 - 3.79 GPA – Tiger Card

Tiger Paws: given for good behavior, manners, and helpfulness

HONORS CLASS

Students in our Honors Program must meet both high academic and character standards. There is limited space in the honors classroom, and this important decision is made by a team of teachers and administrators. In order for a student to be considered for honors, s/he must have high scores on standardized tests, a high grade point average, strong teacher recommendations, and must demonstrate good citizenship.

ELEMENTARY SCHOOL PROMOTION REQUIREMENTS

To "pass" a class you must attain, minimally, a yearly grade point average (GPA) of 60% (D-in each of the four-core subjects: English, Social Studies, Mathematics, and Science. Should you fail a core class, you must repeat the same grade. TMSA does not have "social promotion." In addition to the above requirement, teachers may recommend retention for any student regardless of his/her grades. Teachers will work with parents collaboratively to make decisions. The Principal will make the final decision for all retentions based on teacher recommendation and parent input.

Students on Academic Probation are given extra support and are required to attend tutoring after school and/or Saturday Academy. Students who are on academic probation lose privileges such

as free dress, attending plays, or participating in school wide events and activities (i.e. after school clubs and competitions).

HOMEWORK EXPECTATIONS

Rationale: The purpose of homework is to reinforce skills learned at school by providing practice at home. This helps families understand the learning that's happening in school. In addition, homework helps students learn routines at home to be responsible students and develop time management skills.

Time Allotments & Types of Homework : The time allotted will increase gradually from grade to grade. The guidelines below should remain flexible. Individual differences among children may be taken into consideration by families and teachers.

Grade Level Daily Expectations

Grade Level	Daily Expectations
Kindergarten	<ul style="list-style-type: none">● Read to child approximately 20 minutes a night● A Math activity● Interact with child, converse about work that is sent home and information in newsletters

Student's Responsibility

1. *Aim High*- show effective effort and attempt challenges
2. *Work Hard*- complete it as independently as possible
3. *Think First*- hand-in work you are proud of and communicate with teacher if it is unfinished or missing
4. *Be Flexible*- try first and persevere even if it's hard
5. *Be Kind*- take care of self and be kind if others need help

Parent's Responsibility

1. Create and establish homework routines (time, place, etc.) and help student with time management/ weekly planning
2. Allow child to work as independently as possible
3. Communicate to teacher if child needs extra support or if they are unable to complete homework (either email or a note)
4. Know your students' homework expectations (from Curriculum Night, School website, emails, etc.)
5. Check learning management system (PowerSchool/Schoology regularly to make sure that the student completes assignments in a timely manner

Teacher's Responsibility

1. Communicate homework expectations to students and parents
2. Assign homework that reinforces and practices already taught skills
3. Modify homework for individual students

Administrative Responsibility

1. Clearly communicate homework policy to students, staff and parents.

2. Observe the use of homework during class visits.
3. Make certain that homework is an integral part of lesson and lesson planning.
4. Give suggestions when necessary on how homework assignments can be improved.
5. Support the necessity for every student to complete all assigned homework for academic excellence and the enhancement of student's self-esteem.

ATTENDANCE

The success of a student's educational program at TMSA is largely based upon their daily presence, which ensures the continuity of instruction and classroom participation. Student's regular contact with other students in the classroom and their participation in the well-planned instructional activities, which are provided under the guidance of a competent teacher, are vital to the success of a student's educational program. For these reasons, the administration, faculty, and staff of TMSA expect students to be in class, on time, and to be prepared to work.

Promoting and fostering consistent student attendance requires a commitment from the administrators, teachers, parent(s)/ guardian(s), and students. No single individual or group can successfully accomplish this task. Members of TMSA's professional staff will do all they can to encourage and support student attendance. This ranges from creating a pleasant and safe physical environment to providing meaningful learning experiences and opportunities in every class.

NC State law requires TMSA to:

- Keep accurate attendance records of excused and unexcused absences.
- Incorporate defined, daily participation as part of the teaching/learning process for each grading period.
- Require student accountability by ensuring students complete work they have missed including homework, projects, quizzes, tests, and other assignments.

To ensure academic success, students should do all they can do to attend school every day. If a student has a problem with attendance, they need to talk with a teacher or an administrator immediately.

If a student has a medical condition, which makes them miss more than the policy allows, they must provide an explanation from a medical professional as to the cause or a parent note explaining the illness. These absences will be marked as "Medical." The student is also required to have all missed work completed on time.

Students who don't meet these two conditions and miss this much instruction will be retained in the current grade. All of their absences revert back to non-medical.

If a student has a medical condition that will prevent them from attending school for long periods of time an alternative placement should be sought.

ABSENCES

Please read through the following definitions carefully, in order to understand what a student's and their parent'(s) or guardian'(s) responsibilities are. It is imperative the student understands the

requirements regarding missed homework, quizzes, and tests, as well as the consequences of unexcused absences.

After all absences, students must have a note or a phone call from a parent when they return to school
Chronic Absenteeism: A student is considered for chronic absenteeism if they missed 10% or more of enrolled school days.

VERIFIABLE ABSENCES

The parent or guardian must notify the school every morning when a student will not be attending. A written note or phone call from the student's parent/guardian, upon return to school, is required to be submitted to the attendance office and recorded as part of the student's school record for each verified absence.

Personal Illness: Parent/Guardian must call the school each morning the student is home ill. For extended illness, the school may require a doctor's confirmation.

Illness in the Family: Parent/Guardian must call the office to explain the situation and estimated time of absence.

Quarantine of the Home: Parent/Guardian must call the office to explain the situation and estimated time of absence. Such an absence is limited to the length of the quarantine as stated by the proper health officials.

Death of a Relative: Parent/Guardian must call the office to explain the situation and estimated time of absence.

Planned absences:

Observance of Religious Holidays: Students may be excused for the purpose of observing a religious holiday consistent with their creed or belief for the number of EXCUSED days permitted by each specific absence mentioned above, please refer to TMSA School Board policies.

Professional Appointments: We encourage parents and/or guardians to schedule medical, dental, legal, and other appointments outside of school hours, whenever possible. If the student must be gone during the school day, the student must bring a note to the office on the day of the absence clearly stating the time the student is to be dismissed.

Please note:

- Parent/Guardian must go to the office to pick up the student and show ID to the front office personnel.
- Parent/Guardian must sign the student out-of-school. When the student returns to school, they must sign them back in.
- Students must return to school after their appointment, provided school is still in session.

EXCUSED ABSENCE FOR EDUCATIONAL PURPOSES

These administrative procedures outline the guidelines for granting excused absences to students of TMSA Public Charter Schools for educational purposes. The intent of the experience must be educational from the outset and comparable to the academic opportunities provided within the school. Family trips and vacations that were not designed, initially, to be educational will not be considered valid educational absences. By following these procedures, parents or legal guardians acknowledge that the absence is for valid educational purposes.

Eligibility:

- A. These procedures apply to students enrolled in TMSA Public Charter Schools in all grade levels.
- B. The excused absence for educational purposes is subject to approval based on the nature, educational value, and alignment with the student's academic goals.

Educational Purpose:

- A. The educational purpose of the absence must be clearly stated and justified by the parent or legal guardian.
- B. The experience must provide educational opportunities beyond what is typically available in the classroom setting.
- C. Examples of acceptable educational purposes include but are not limited to:
 - Academic conferences, workshops, or seminars.
 - Competitions, exhibitions, or performances related to the student's academic or extracurricular pursuits affiliated with the TMSA school or TMSA district.
 - Educational field trips organized by reputable educational institutions or organizations.
 - Participation in approved educational programs or experiences endorsed by the TMSA school or TMSA district.

Notification and Documentation:

- A. Parents or legal guardians must provide written notification to the school administration at least 30 days prior to the planned absence.
- B. A completed "[Excused Absence for Educational Purposes Form](#)" must be submitted, including a detailed description of the educational purpose, itinerary, and any supporting documentation or materials.
- C. The school administration will review the request and determine whether the absence qualifies as an excused absence for educational purposes.
- D. The decision of the school administration regarding the approval or denial of the requested absence is final.
- E. The principal reserves the right to deny a request for an excused absence if it is determined that the cumulative effect of such absences would substantially interfere with the education of the student.
- F. If the principal decides not to approve the requested absence, the parent or legal guardian will be promptly notified of the decision, along with an explanation of the reasons for denial.

Makeup Work and Assessments:

- A. Students granted an excused absence for educational purposes will be given the opportunity to make up missed assignments, tests, or exams in a reasonable timeframe, as determined by the school administration.
- B. It is the responsibility of the student and their parents or legal guardians to communicate with teachers and arrange for the completion of missed work.

Limitations:

- A. Excused absences for educational purposes are subject to the discretion and availability of the school administration.
- B. Absences that do not meet the criteria outlined in these procedures will be considered unexcused, and students may be subject to disciplinary actions as per the school's attendance policy.

FAMILY VACATIONS

Students are permitted to go on vacation during the school year without penalty under certain circumstances (as long as it does not exceed the 18 school days allowed to be missed/10 school days in a semester).

The purpose of this administrative guideline is to accommodate parents/guardians who must take their vacations during the school year because of company (industry) policies and their desire to enjoy that time as a family. The following shall apply to this kind of absence:

Whenever a proposed "Absence-for Vacation" is requested, it must be made at least two days in advance, and the *parents must discuss it with an administrator*. The length of the absence should be made clear, and those involved should have an opportunity to express their views on the potential effects of the absence.

Students should talk with each teacher and get approximate assignments and materials that can be worked on to minimize their make-up work upon return to school. A teacher is not under any obligation to give this work. It is an extra allowance that they could give. Preparing for classes is very time consuming, let alone preparing for one week (two weeks) of classes in advance.

LATE WORK GRADING AND MAKE-UP WORK

An absence from school, even for several days, does not excuse you from responsibilities in the classroom on the day you return. If you have an absence, you will be given the same number of days that you were absent, to make up missed work. For example, if you are absent for three days, you will have three days to make up missed work.

If you are absent for school-related reasons or for an anticipated or planned absence, make arrangements when possible with your teacher(s) for assignments prior to your absence. Teachers are not obliged to provide work for prolonged absence prior to the absence. For students with absences, make-up tests will be scheduled at a time designated by the teacher. It is the students' responsibility to take the test at that time. If you fail to do this, the teacher is **not** obligated to set another time for the make-up. If you fail to make up a test without making other arrangements, the teacher will be responsible for deciding whether or not you may reschedule.

If you have an absence, your grade(s) in a class or classes may be affected in one, or all, of the following manners, **depending upon the decision of the instructor and administration.**

- **You will be given**
 - **80% credit for work made up from an absence that is past due 3 days.**
 - **0 (zero) will be given on the 4th day.**
- For repeated occurrences, you **will** be sent to the administrator and a parent conference will be arranged.

UNEXCUSED ABSENCES

An unexcused absence does become a part of a student's school record. Students will be marked "unexcused" if they fail to:

- Have their parent/guardian call or bring a written note upon their return to school.
- Leave school without signing out-of-school at the office.
- Are absent from class without permission - including walking out during class.
- Are absent from school without parental permission.
- Get a pass to go to a certain place, but do not report there.
- Are absent for reasons not acceptable to the administration.

Two days are given after a student returns to school to provide proof of Excused Absence. The absence will be noted as "Unexcused," after two days without notification.

Per district policy, a student must not miss more than 10 days of the school year. If a student has a medical condition, which makes them miss more than the policy allows, they must provide an explanation from a medical professional as to the cause explaining the illness. These absences will be marked as "Excused by Medical Professional Medical." The student is also required to have all missed work completed on time. Students who don't meet these two conditions and miss this much instruction will be retained in the current grade. If a student has a medical condition that will prevent them from attending school for long periods of time an alternative placement should be sought.

TARDINESS

Tardiness to school and to class – whether the result of oversleeping, missing the bus, car problems, baby-sitting, athletic workouts, socializing, traffic, lingering in the halls, or any inappropriate reason - is unacceptable.

Habitual tardiness will result in more severe consequences and in a lowering of a student's citizenship grade.

Excused Tardiness Due To Medical Reason

Students must have their parent or guardian call the office or write an explanatory note if they arrive late to school and they must report to the office when they arrive.

If a student fails to do this, they will receive an unexcused tardy.

- **Six (6) excused or unexcused tardies in a Quarter will result in an after school detention.**
- **Nine (9) excused or unexcused tardies in a Quarter will result in a Saturday detention.**
- **Twelve (12) excused or unexcused tardies in a Quarter will result in a 2 day out of school suspension.**

UNEXCUSED TARDINESS

If a student arrives to school late, without a note or a call from their parent, this is considered an unexcused tardy. The student should go directly to class and will be marked as such.

CLASS TARDINESS

If students arrive late to their next class during the day, this is considered an unexcused tardy, unless a note, call or an email is sent or a staff member accompanies the student to excuse them.

TRUANCY

Truancy means that a student has not been excused and is absent from their assigned location without the knowledge of their parent/guardian.

The police will be contacted for students who have three “no contact” unexcused absences in a school year, per district policy.

Truancy shows a deliberate disregard for the educational program and is considered a serious matter that will have immediate consequences.

If a student is truant:

- No credit will be recorded for work you missed as a result of truancy.
- A letter will be sent home notifying parents of the truancy situation.
- A record of truancy will be entered into your record file.
- A Saturday detention will be issued.
- A conference with their parents will be held.
- Additional consequences may incur including contacting the County Juvenile Services Intake Unit.

Habitual Truancy

TMSA shall consider a student "habitually truant" under North Carolina State Law when, in spite of warnings and/or your parent's efforts to ensure attendance, a student who has been declared truant three or more times within one school year must be declared a habitual truant.

A meeting will be held with the Principal, AP of Student Culture, and the parents in order to determine if the student will continue to attend TMSA.

After ten (10) consecutive days, if a parent has not contacted the school the student will be dropped from TMSA enrollment.

EARLY DISMISSAL FROM SCHOOL

TMSA is very concerned about a student's safety and well-being and thus, an early dismissal from school is an important issue. All instances of requests for early dismissal will utilize the following precautions:

- An administrator may release a student before the end of a school day only upon presentation of a written, face-to-face, or authenticated verbal request by your parent/guardian, or for emergency reasons.
- Student may be released only to a parent or guardian whose signature is on file in the school office or to a properly identified person, authorized in writing by the parent/guardian to act on his/her behalf.
- No staff member shall permit, or cause a student to leave school prior to the regular dismissal time, except upon the knowledge and approval of the administration, and written permission from their parent/guardian.
- Students will not be released from school to any government agency without a proper warrant or written parental permission, except in the event of an emergency as determined by the administration.

ILLNESS, INJURY & MEDICATION POLICIES

TMSA has a first-aid-trained-professional available to discuss or assist with medical problems or health-related concerns. When students are injured or become ill, they must inform their instructor immediately. It is critical that students follow the procedure of informing their instructor, or going to the clinic immediately.

Students with a fever of 100 °F or more, symptoms of the flu, which include but are not limited to vomiting, diarrhea, etc should be kept home for at least 24 hours after symptoms have stopped.

Students are to never leave the building, campus or miss class without first going to the front office. Missing a class, without following the procedures will result in receiving an unexcused absence. Students should not come to school when they know that they are ill. Students that are too ill to come to school, must have their parents notify the school.

Missed homework should be requested by the student from the teacher upon the student's return. Students are reminded that it is his/her responsibility in any occurrence of absence to obtain missed work from his/her instructors. The student will have the number of days missed to complete the homework without a decrease in the grade.

Medication Policy

Medication should not be sent to school unless it is required that a student needs to take it during the day or if it is imperative that a student have access to it, for example, for an allergic reaction.

Prescription Medications

If a student must have medicine at school, these procedures must be followed:

- The clinic supervisor must observe the dispensing of the medication.
- Medications are to be brought to and from school by the parent/guardian.
- Medications are not to be brought in by the student under any circumstances.
- Medications should be brought in within its original container.

All medication must have a completed Medication Directions Form on file and the following information clearly printed on the container:

- Student's Name
- Name of the medication
- Dosage
- Time(s) the medication must be taken

In the case of prolonged need, send in the amount for a clearly specified period, such as one week or one month.

All medications are kept in a secure location in the clinic. Extra medication will not be sent home with the student. The student's parent or guardian must pick it up.

Students are not permitted to carry any prescription medications with them to school.

Over The Counter Medication

Aspirin, Tylenol, and other patent drugs are not available from school. If a student needs to take over-the-counter medications such as the above, their parent must complete the "Medication Self-Administration Form" authorizing the use, dosage, and the quantity sent of this medication.

Once the form is completed and signed by the parent/guardian, the over-the-counter medication will be securely stored and available in the clinic. Medication must be delivered in its original container.

A student may only carry and administer his/her medication if these two conditions are met:

- It is warranted by a potentially life-threatening condition and advised by their physician.
- A "Medication Self-Administration Form" is signed and on file in the office.

General Topics Clinic

Students are to go to the school clinic or front office for:

- Not feeling well.
- Injured and in need of first aid.
- Access to medication.
- Make a phone call to a parent/guardian.
- Schedule an appointment with AP of Student Culture.

SCHOOL ACTIVITIES

TMSA offers a range of activities, which enrich student learning both during and after the school day. On behalf of the student's safety and the safety of others, specific rules apply to these activities.

After School Activities

TMSA offers various after-school clubs and programs to enrich the student's education. Such involvement provides ways for students to engage in activities they already enjoy and provides opportunities to experiment with other areas that may interest them.

If a student remains at TMSA for after-school activity, they will be expected to follow these rules:

- Parent must complete and submit an "After School Activity Permission" form.
- Students must be with a teacher or other staff member at all times.
- Students must arrange for their own transportation to be picked up promptly at the end of the activity.
- Students must abide by the TMSA code of student conduct while participating in the activity.
- Students may not stay after school to wait for another student.
- Club attendance will be kept by the sponsoring teacher. Participants may not miss more than 6 days in a semester due to non-medical reasons.

All students must be picked up within 10 minutes of the activity ending, unless there has been a prior arrangement made or emergency. A student will be dropped from an after school activity if a student has been picked up late at least 3 times.

All students who are not in a club, after school activities, or have made a special arrangement with a teacher must be picked up by the time school has ended. This is a safety issue due to the lack of staff to supervise these students. The majority of teachers have after school activities, tutoring, meetings, or other commitments.

A complete list and description of after-school clubs and activities are posted on the school website.

Field Trips

Major or repeated offenses may prevent students from attending.

Off campus field trips offer exciting ways to learn. TMSA students have the opportunity to go on field trips at various times throughout the school year. During the course of a field trip, adhere to the following:

- Return the "[Field Trip Permission Form](#)" signed by parent(s) or guardian to their instructor, by the specified date. Phone calls will not be accepted as permission.
- School uniform must be worn, unless otherwise specified.
- Abide by TMSA codes of student conduct while on the field trip.

Just as students must follow TMSA's Code of Conduct, parents supervising field trips are asked to behave properly.

- Supervise students with a watchful eye
- Communicate concerns with lead teachers
- Use appropriate language
- Absolutely no smoking

Prior to each field trip, the teacher will provide the students and their parent with a Field Trip Permission Slip and specific information.

COMPUTERS - INTERNET

Computer hardware and software are for the benefit of all students. Computers are in the school for educational purposes.

Computers are used to support learning and to enhance instruction. Computer networks allow people to interact with many computers. The Internet allows people to interact with hundreds of thousands of networks. It is a general policy that all computers are to be used in a responsible, efficient, ethical, and legal manner.

In certain classes, students will need to have an email account. Parents are encouraged to create it with a shared password so they can check on the progress of their child.

ELECTRONIC DEVICES

Electronic Devices (Cell Phone/Smart Watches/AirPods/Speakers, etc.)

All electronic devices are the sole responsibility of the student. TMSA Schools will not be responsible for investigating lost or stolen items.

eBooks are allowed at school. Students should be using them only as an eReader and only during appropriate times. If they are found being used for any other reason than the eBook they will be confiscated and given to the AP of Student Culture. Smartwatches cannot be used during class and will be confiscated by the AP of Student Culture if not used appropriately.

Students are responsible for keeping track of their eBooks, the school is not responsible. eBooks will be treated when confiscated the same as cell phones.

Personal laptops & Tablets are not allowed at school. If either is confiscated it will be treated the same as cell phones.

Cell phones/electronic devices must be stored out of sight (stored in backpack, /lockers , pockets) and must be put on “silent” during the entire school day – **this includes the passing period.** Whether or not students are allowed to use their cell phones **during outdoor recess is at the discretion of the school administration**. Students should not have their cell phones out when visiting the restrooms or while in the locker room. Smart watches must be on airplane mode only during the entire school day.

NO CELL PHONES/ELECTRONIC DEVICES IN THE SCHOOL BUILDING.

Wired/wireless earbuds and headphones **may not** be worn at all during the school day.

Students are not to bring bluetooth speakers on campus. Students who violate this policy will have their device confiscated by a staff member and brought to the AP of Student Culture’s Office.

Students using or appearing to use cell phones or electronic devices mentioned above in the building or at inappropriate times will have their devices confiscated.

Confiscated items will be returned as follows:

- 1st offense – parents will be notified, and the device will be returned to the student after school.
- 2nd – parents must pick up the device from the AP of Student Culture and **Student will receive a detention.**

- 3rd offense and subsequent offense(s): parents must pick up the device from the AP of Student Culture and Student will **receive a Saturday Detention**. Student may receive additional consequences.

NOTE: There may be times when personnel will not be available to retrieve phones for parents until after 4:30 p.m.

LIBRARY AND LIBRARY ETIQUETTE

The TMSA Library has many educational resources to support student learning. In addition to checking out books and ebooks, there are computers for student use. Students may have their work printed in the library at a cost of 10¢ per page (black) and 25¢ per page (color). Double sided printing will be counted as two pages. Students are not to download software, access social media, listening to music, watching YouTube videos or playing games on the library computers.

- Students are expected to remain quiet and behave respectfully at all times.
- Students will be given a detention for failure to return their library books after 30 days of receiving their first late notice. A detention will be issued for failing to pay library fines within 30 days of first notice of owing fines.
- The fine rate is ten cents (10¢) per day.
- Repeated abuse will result in loss of library privileges.

STUDENT SEARCHES

School officials have the authority to conduct reasonable searches of students and to seize students' unauthorized materials for the purposes of maintaining a safe, orderly environment and upholding standards of conduct established by the TMSA Board or school. Any searches or seizures must be conducted in accordance with the standards described in this handbook and any other applicable legal requirements. All school officials carrying out a search or seizure are expected to be knowledgeable about the constitutional rights of students and the appropriate procedures for conducting the search or seizure. A search must be justified at its inception and permissible in scope. School officials shall make reasonable, good faith efforts to investigate allegations of misconduct before a student search is conducted.

This code applies to searches conducted on school grounds, in school facilities, or at school-sponsored events.

School computers and any data they contain remain under the control of the school and are subject to inspection at any time. This code also applies to the search of school system-owned technological resources and the data located on school system-owned electronic equipment.

A. Searches Based on Individualized Reasonable Suspicion

A student or the student's possessions may be searched when a school official has reasonable suspicion that the search will turn up evidence that the particular student has violated or is violating a specific law or

school rule. A school administrator who conducts an individualized search under this subsection shall promptly notify the student's parent or guardian of this search.

Reasonable suspicion is defined as: based upon specific and articulable facts, which have been acquired through reliable and/or corroborated information from employees, students, law enforcement officers, or other credible sources, or upon visual or other evidence (e.g., the smell of alcohol or marijuana, an alert from a metal detector or drug dog) viewed in light of the totality of the circumstances and the school official's professional judgment.

The scope of the search and the methods used to conduct the search must be reasonably related to the objectives of the search and not excessively intrusive in light of the age and gender of the student and the nature of the infraction.

Reasonable suspicion is not required if a student freely and voluntarily consents to the search of his or her person or possessions.

In accordance with the standards described above, the TMSA Board authorizes the following types of searches based on reasonable suspicion.

1. Searches of Personal Effects, Belongings, and Devices

School officials may search a student's desk, locker, and/or personal effects, including but not limited to purses, book bags, outer clothing, as well as the student's mobile phone, laptop computer, or other digital device. As with all searches based on reasonable suspicion, the scope of any such search must be reasonably related to the objectives of the search and not excessively intrusive in light of the suspected infraction. For example, an administrator's reasonable suspicion that a student has sent text messages to arrange a drug transaction at school may justify a search of the student's text messages but would not, in itself, justify a search of the phone's image files.

2. "Pat-down" Searches

A school official may conduct a frisk or "pat-down" search of a student's person. The search must be conducted in private by a school official of the same gender with an adult witness of the same gender present.

3. Metal Detector Searches

A metal detector may be used to search a student's person and/or personal effects. The search must be conducted by a school official and, except as provided in Section B.2, below, will be done in private, when feasible.

4. Breathalyzer Tests

A breathalyzer test may be administered based on reasonable suspicion that a specific student is under the influence of alcohol or has recently consumed alcohol. The breathalyzer test must be conducted by a school official and, except as provided in Section B.4, below, will be done in private, when feasible.

B. Suspicionless General Searches

In an effort to maintain a safe, drug-free, and weapon-free learning environment, school officials may conduct certain types of general, suspicionless searches in the schools. All general searches must be conducted in a minimally-intrusive, nondiscriminatory manner (e.g., all students in randomly selected classrooms, every third individual entering a school-sponsored extracurricular activity) and may not be used to single out a particular individual or category of individuals. The searches must be conducted in accordance with standardized procedures established by the superintendent or designee.

When conducted in accordance with the standards described above and any corresponding procedures, the Board authorizes the following types of general, suspicionless searches.

1. Searches of Desks and Lockers

School officials may conduct routine searches of student desks and lockers. Student desks and lockers are school property and remain at all times under the control of the school. However, students are expected to assume full responsibility for the security of their desks and lockers. Student desks and lockers may not be used to store illegal, unauthorized, or contraband materials.

A student's personal effects found within a desk or locker, such as a backpack, gym bag, or purse, may be searched only in accordance with the guidelines for individualized searches of personal effects described in Section A, above.

2. Metal Detector Searches

Due to the increasing problem of weapons in schools, school officials may use metal detectors to conduct general point-of-entry searches of students and other persons for weapons. Additionally, school officials may conduct metal detector searches of groups of individuals if the checks are done in a minimally intrusive, non-discriminatory manner (e.g., on all students in a randomly selected class; on every third individual entering an athletic event). Metal detector searches of groups of individuals may not be used to single out a particular individual or category of individuals.

3. Use of Trained Dogs

With the prior approval of the superintendent or designee, school officials may use trained dogs (canines) to locate illegal materials. TMSA administration may conduct random canine sniffs of school hallways, lockers, classrooms, buildings, parking lots, and other school property through the use of a canine unit. All dogs must be accompanied by a certified and authorized trainer who is responsible for the dog's actions and who is able to verify the dog's reliability and accuracy in sniffing out illegal material. Trained dogs may sniff lockers, desks, book bags, motor vehicles, and other inanimate objects.

4. Breathalyzer Tests

With the prior approval of the Superintendent or designee, school principals are authorized to require entry point breathalyzer tests on students as a condition of attending or participating in non-compulsory extracurricular activities or school sponsored events (such as the prom). The breathalyzer tests shall be

administered on all such students. Students and families shall be notified of breathalyzer tests prior to the event.

Parents/guardians will be notified of any positive test for alcohol consumption or possession of alcohol at the event. The student shall be refused entry to the event, and families will be contacted about safe passage home.

C. Seized Items

Any illegal contraband seized by school officials must be promptly turned over to the proper law enforcement authorities.

D. Failure to Cooperate

A student's failure to cooperate with a reasonable search or seizure as provided in this code will be considered a violation of the expected standard of behavior, and will subject the student to appropriate consequences.

Any person who is not a student who refuses to permit a general metal detector search of his or her person and/or belongings at the point-of-entry to a school-sponsored activity may be denied entry to the activity.

LOCKERS

Each student may be assigned a locker for his/her individual use at TMSA. This locker is for storing books, coats, and personal items necessary for school. The lockers should not be used to store valuable items, and students should not bring such items to school. TMSA will not be liable for personal items students leave in their locker or bring to school. To ensure that school items are safe, we strongly advise students to keep their locker combination private. Do not trade locker combinations with another student.

Students are not to share lockers. It is the student's responsibility to see that their locker is kept locked and in order at all times.

Students must use only the locker assigned to them and are not allowed to change lockers on their own; they must obtain administrative permission first. Any questions concerning lockers, please contact school staff.

Report any damage, vandalism or non/working condition of a locker to the office immediately. If students do not report vandalism, damage or a non-working condition of their locker, they will be held financially responsible for it.

Please remember that the lockers are school property and remain at all times under the control of the school; however, the student has full responsibility for the security of their locker and its contents.

- Periodic locker checks will be made by TMSA staff to ensure that lockers are kept clean and orderly or in case activities at school warrant a locker search.

- Students are required to bring a combination lock for their locker by the end of the second week. A copy of the combination must be given to their homeroom teacher by the end of the second week.

With Probable cause, lockers and student vehicles will be searched for improper items in accordance with the Student Searches Code.

LOST AND FOUND

If students find books, clothing, or personal items, eBooks, cell phones on school grounds, they are to take the found items to the designated Lost and Found area. If a student loses something, they are to check the lost and found area or report it immediately to the receptionist.

Students are encouraged to check the lost & found for lost items regularly because all collected items will be donated to a local charity monthly.

NETWORK ADMINISTRATION

Computers are used to support learning and to enhance instruction. Computer networks allow people to interact with many computers. The Internet allows people to interact with hundreds of thousands of networks.

It is a general policy that all computers are to be used in a responsible, efficient, ethical, and legal manner. Failure to adhere to the policy and the guidelines below will result in revocation of the user's access privilege. Unacceptable uses of the computer include but aren't limited to:

- Violating the conditions of the Education Code dealing with student's rights to privacy.
- Using profanity, obscenity, or other language that may be offensive to another user.
- Reposting (forwarding) personal communication without the author's prior consent.
- Copying commercial software in violation of copyright law.
- Using the network for financial gain, for commercial activity, or for any illegal activity.
- Damaging any part of hardware or software of computer network system.
- The person in whose name an account is issued is responsible at all times for its proper use. Users must not give a password to another user. Users should change passwords frequently.
- As the Internet provides connections to other computer systems located all over the world, users (and parents of users, if the user is under 18 years old) must understand that the school does not control the content of the information available on systems not related to TMSA. Some of the information available is controversial and, sometimes, offensive. The school does not condone the use of such materials.

Responsible users may (under supervision):

- Use the Internet to research assigned classroom projects.
- Use the Internet to explore other computer systems.

Responsible users may not:

- Use the Internet for any illegal purpose.

- Use impolite or abusive language.
- Violate the rules of common sense and etiquette
- Change any computer files that do not belong to the user
- Send or get copyrighted materials without permission.
- Users must not give their password to anyone.
- Use the Internet to send electronic mail (email) to other users.

System operators will have access to all user accounts, including email. If any person does not follow the rules above, use of the network will be canceled. There will be no second chances. If the user is not sure how to do something on the computer, ask a teacher or the system administrator in the school. Parents or guardians are responsible for the cost of repair or replacement in the event of damage caused by their child to a school-issued electronic device.

Student Conduct And Discipline

This document provides guidance to school officials when determining which disciplinary measure to impose. In determining how to best address inappropriate conduct, it is necessary to evaluate the totality of the circumstances surrounding the conduct. The following facts must be considered prior to determining the appropriate disciplinary measures:

- The nature, severity, and scope of the behavior
- The student's age and maturity
- The circumstances/context in which the conduct occurred
- The frequency and duration of the behavior
- The student's disciplinary record (including the nature of any prior misconduct, the number of prior instances of misconduct, and the disciplinary and guidance intervention measures applied for each)
- The student's IEP (Individual Education Plan), BIP (Behavioral Intervention Plan), and/or 504 Accommodation Plan, if applicable

STUDENT CONDUCT AND DISCIPLINE

One goal of TMSA is to help students fulfill their intellectual, social, physical and emotional potential. Everything in and around the school has been designed to create an orderly and distraction-free environment in which all students can learn effectively and pleasantly. To foster this kind of learning environment, the TMSA administrators and teachers shall not allow the following behaviors during school, on school property, at or during any school-sponsored activities, and to and from school.

All school consequences shall be imposed at the discretion of the AP of Student Culture, and, if appropriate, another administrator. A student may receive detention, in-school suspension, out-of-school suspension, work crew duty, expulsion, or any other punishment deemed appropriate. The AP of Student Culture will maintain a tracking system for all students. The definition of the unacceptable behavior and the minimum consequences for each infraction will be listed and tracked.

Everything cannot be covered in this handbook; therefore for behaviors not covered, immediate action and consequences will be given in a fair and consistent manner as deemed by the AP of Student Culture and Administration.

Second and third offenses result in an increase of the severity of the consequence.

For repeated minor behaviors, students will be placed on a behavior plan (explained earlier in handbook) or referred to the discipline committee (discussed later in the handbook), directed by the AP of Student Culture and composed of the school counselor and various instructors.

Students witnessing harmful or illegal activities are required to inform staff/administration immediately. If they do not, this will result in a severe consequence (Saturday Detention/Suspension).

STUDENT BEHAVIOR PLANS

Students who experience repeated discipline problems will be placed on behavior plans. These plans are designed to help modify the student's behavior, which ultimately benefits all students, with a combination of incentives and stricter consequences.

Students are given a series of incentives after completing a lengthening period of time of good behavior. Built into the plan are more severe consequences.

The student has the choice of changing his/her behaviors or not. Expulsion results if the students are not successful in changing their misbehavior.

It is the school's hope that the behavior plan will put the students on a positive path that will help them be successful at TMSA. If a student goes one month straight with good behavior after being placed on the plan, the plan is discontinued, but rewards continue.

Detailed information about behavior plans can be found in the definitions section of this document.

Students returning to TMSA who have had numerous misbehaviors the previous year will be placed on probation. Consequences will be more severe for these students.

TRAITS OF A TMSA STUDENT AND TEACHER

The following are traits TMSA tries to develop in their students and teachers.

A TMSA Student: Turns in work on time, organized, asks questions, follows rules, dedicated and committed, reliable, creative/open minded, and raises hand to speak

A TMSA Teacher: Organized, firm yet fair, respectful of students' abilities and intelligence, patient, communicates, reliable, creative, clear expectations, sense of humor.

UNACCEPTABLE BEHAVIORS

WEAPONS

Weapons include, but are not limited to, conventional objects such as guns, pellet guns, knives, smoke bombs, fireworks, or club type implements. Mace, tear gas, or other chemicals are also included. A "toy weapon" presented as a real weapon may also be considered the same as a real weapon. Objects converted from their original use to an object used to threaten or injure another are also classified as weapons. The Administration reserves the right to make all final decisions regarding the definition of what constitutes a weapon. When determining possible alcohol use or intoxication by a student at a school dance, the safety of the student is the primary concern. An assessment of a student's suspected alcohol use may be aided by the use of a breath alcohol testing device. The school staff member conducting the test will document the results and report them to the school administration.

5. Consequences: If a student tests positive for alcohol use, the student may be subject to disciplinary action, up to and including suspension or expulsion, in accordance with the TMSA handbook and code of conduct.

STUDENT DUE PROCESS

All students at TMSA are entitled to the Rights guaranteed by the United States Constitution, Bill of Rights, North Carolina Constitution, and North Carolina Revised Statutes. Your rights will not knowingly be denied by the required code of conduct, or by any disciplinary actions taken by the school. However, if you exhibit any of the "Unacceptable Student Behaviors" listed in this handbook, or added to this list at a later date, you will be held responsible for your actions.

- Due to the range of possible behaviors, the administration reserves the right to adjust consequences as the administration (or other decision-maker mentioned below) deems appropriate for the given situation.
- These consequences may range, for example, from notification of parent(s)/guardian(s), detention, loss of privileges, removal from sports and clubs, and emergency removal from a school activity through suspension, expulsion, and criminal prosecution.

NOTE: Even where this Handbook describes certain specific consequences for a “1st Offense,” “2nd Offense,” and “3rd Offense,” the administration has the absolute leeway and discretion to consider any punishment for any offense. The administration can and will consider all (i) mitigating factors and (ii) aggravating factors, and then endeavor to make a rational, proportional decision under all of the circumstances at issue. For offenses warranting more serious punishments (i.e., longer-term suspensions or expulsions), as described below, students will be provided with due process in the form of notice of the charges, an explanation of the evidence, and an opportunity to be heard, unless the student meets the conditions for immediate removal (in which case those will be delayed to a later date).

- All students at TMSA have the right to feel that they are physically, emotionally, and intellectually safe.
- Therefore, if at any time you feel you are the subject of harassment, hazing, threats, or other intimidating behavior, you should immediately speak to a teacher or an administrator regarding the problem. The situation will be investigated as soon as possible, based upon the severity of the offense, and you will be informed of the outcome. All reports are kept completely confidential.
- Similarly, if you are concerned about the safety of another student who seems to be the subject of harassment, hazing, or threats, you should immediately speak to a teacher or an administrator about the problem. The situation will be investigated as soon as possible, based upon the severity of the offense, and you will be informed of the outcome. All reports are kept completely confidential.
- Students are protected under the right of confidentiality. If your child is involved in a situation at school, the consequences given to the other student cannot be specifically discussed. Please know that the school makes every attempt to hold each student accountable for their actions. If you have any concerns, please contact the teacher or administration to have them addressed.
- Students who receive a detention need to follow the following procedure if they disagree. Speak with the teacher giving the detention after class, at lunch, or after school when there are no other students to distract. If the student still does not agree with the outcome, he/she needs to set up an appointment with the AP of Student Culture to discuss it further. A meeting will then be set up with the teacher to discuss the situation. If the dean does not change or rescind the consequence, the student then has the option to bring in his/her parents for a meeting with the dean, counselor, teacher, and student.
- If the school still deems it a just consequence, the student is required to serve the detention.

The following is a list of terms, which have been used frequently throughout this document and their definitions. Students and parents are encouraged to review these terms with each other. Please contact the AP of Student Culture with any questions you may have.

DETENTIONS

LUNCH DETENTION

Lunch detention will occur during a student's recess time for 25 minutes. Reasons for lunch detention may be an unexcused tardy, minor disruption of class, running in hall, and etc.

AFTER SCHOOL DETENTION

After school detention is a punishment that will be held for typically 45 to 60 minutes after school when you have not complied with the basic rules of TMSA. It will be held on **Tuesdays and Thursdays** each week.

- Students are responsible for making the required arrangements for after school pick-up.
- Detention days will only be changed, if there is a very pertinent reason to have it changed, for example, a doctor's appointment. Your parent/guardian must speak/write a note or an email to the AP of Student Culture at least a day prior to the day you should be serving your detention. Detention start and end times are defined by each school. Students missing detention receive a Saturday Detention. Students missing due to illness need to serve the next detention day.

Notification: The student and their parent who is being assigned after school detention will be notified at least one day in advance. This notification will include the date, time, and location of the detention, as well as the reason for the detention.

AFTER-SCHOOL DETENTION RULES

Student must **wear their uniforms** and must arrive on time or they will not be allowed in. This results in a 2 day suspension. Work around the school will be completed at these detentions. Saturday detention is given when an after school detention is missed without prior notification to the AP of Student Culture or more severe behaviors have occurred. A missed Saturday detention without prior notification (at least one day) to the AP of Student Culture will result in **a two-day, out-of-school suspension**. Students cannot sign up to move a Saturday detention. Only parents can reschedule a Saturday detention.

Purpose of Saturday Detention: Saturday detention is intended to provide consequences for students who have violated school rules or policies and allow them to reflect on their behavior and make amends. It also aims to deter future violations and promote a positive school culture.

Frequency: Saturday detention should be held once a month, on a date that each school defines.

Parent/Student Notification: Students who are assigned to Saturday detention should be notified in advance by the school administration through written notice.

Behavior: Students who attend Saturday detention are expected to behave appropriately and follow all school rules. Failure to do so may result in additional consequences.

Consequences for Non-Attendance: Students who do not attend Saturday detention without a valid excuse may face additional consequences, such as **a two days out-of-school suspension**, loss of privileges, or other disciplinary measures.

LEVEL 2 & 3 DETENTIONS

Students who receive 4 after school detentions at any point in the school year will be placed automatically on level 2 detention. These students stay after school to serve **60 minutes** detention. each time they receive a detention.-Students who miss multiple after school detentions will be placed on automatic 3 day suspension.

- **Level 2 Detentions:** Students who receive 4 after school detentions at any point in the school year will be placed automatically on Level 2 detention. Students must not acquire any additional behavior corrections or disciplinary action for 30 consecutive school days in order to return to Level 1. Students who receive a detention or any disciplinary action during their probationary status will have the date reset for thirty days from that assigned disciplinary action date.
- We encourage continued positive behavior and students who are on level 2 detention will not be allowed to participate in clubs, incentives, or free dress.

STUDENTS WITH 8 DETENTIONS (LEVEL 3): Will not be allowed to attend any field trips or non-educational school events for the remainder of the year i.e. class events, school functions, movie nights, etc.

- However, students may receive club incentives and free dress after they have acquired 90 consecutive school days of clean behavior.
- You may also receive homework detention from an instructor. This means that you will be kept in at recess or after school or return to the classroom of the instructor who has issued you a homework detention to complete work under their supervision.

IN-SCHOOL SUSPENSION (ISS)

TMSA has two types of ISS. They are (1) full day and (2) class period. Students who are assigned to ISS for any portion of the school day are not allowed to participate in extracurricular activities the same day. They must have materials with them to do work when they arrive to the ISS room at the beginning of the day. Students must bring their lunches to school for each day(s) assigned to ISS. Students are to remain quiet and in their seats. They are to communicate with the ISS supervisor only. Students receiving in-school suspension are responsible for obtaining and completing missed work upon their return to school. They will be given the number of days absent from classes to complete assignments. **It's important to note that in-school suspension may not be available at all TMSA schools due to staffing and room limitations.**

OUT-OF-SCHOOL SUSPENSION (OSS 10 school days or less)

If the principal witnesses or is made aware of serious student misconduct and believes that immediate removal of the student is necessary to restore order or to protect school property or persons on the school grounds, the principal may suspend the student immediately with the understanding that the school will notify the parent, guardian, or legal custodian as soon as possible. In such cases, the principal is not required to conduct a full investigation before suspending the student. In all cases, minimal due process must be given to the student, usually the following school day.

The Principal will give notice of and the reasons for the suspension to the student in writing after hearing the issues involved in a situation. (including the offending student's point of view). If you are suspended, you will be responsible for obtaining and completing missed work upon your return to school. The student will be given the number of days absent from school to complete assignments. Full credit will be given for completed work. The Student will be suspended pending investigation in most situations.

A student is not entitled to appeal the principal's decision to impose a short-term suspension to the Superintendent or The TMSA Board. A student or parent who objects to the short term suspension may access the TMSA's general complaint policy.

- For long-term suspensions (exceeding 10 days), the school may opt to handle that under the "expulsion" procedures specified below (including providing for a discretionary appeal to the Board).

Exceeding 6 consecutive day suspension

Any student who exhibits behavior that results in more than six consecutive days of suspension will require disciplinary committee involvement.

- The disciplinary committee will review the situation and determine the appropriate corrective action to be taken, which may include suspension, expulsion, or other measures deemed necessary.
- The student and their parents or guardians will be notified of the disciplinary committee's decision, including the reason for the decision and any associated consequences.
- The disciplinary committee will work with school administrators and faculty to develop a plan for the student's return to school, including any necessary support services or accommodations.
- The disciplinary committee may also recommend counseling or other forms of intervention to address the underlying causes of the student's behavior.
- All disciplinary actions will be documented and maintained in the student's permanent record in accordance with state and federal laws and regulations.

EXPULSION

The recommendation to expel any student will be made in writing and will include the reasons for the expulsion. The writing shall be issued by the Principal or his/her designee, after the discipline committee hearing about the events involved in the situation (including the offending student's point of view).

The disciplinary committee is made up of at least 3 faculty. You may wish to consult an attorney, since there are basic due process rights which are guaranteed by law, as well as statutory rights guaranteed to special education students. Those rights may include the option to testify, present evidence, argue one's case, and be represented by counsel.

- You may not attend classes until the disciplinary committee meeting is held, but you will be able to turn in work for the classes you miss while waiting for the hearing and receive full credit for that work.
- The decision of the Board is final and binding. However, if you or your parents or legal guardians decide to further challenge the expulsion recommendation, you may file an appeal of the expulsion recommendation within five (3) school days of receiving notice of the disciplinary committee decision.
- If the Superintendent considers there to have been sufficient due process at the disciplinary committee hearing (meaning notice and an opportunity to be heard), then he or she has the discretion whether or not to bring the case to the TMSA's board. If he or she decides in favor of doing so, the Board will conduct a hearing at its next regularly scheduled board meeting (which may not be for a matter of several weeks). The Board has the discretion to decide the procedural aspects of that hearing, including, for example, who bears the burden of proof, and what standard of review would apply. The decision of the Board is absolutely final and binding.
- The President of the disciplinary committee and/or Board shall have the discretion to control the hearing process and procedures in whatever reasonable manner he/she decides, as long as the

hearing is consistent with applicable laws and constitutional norms of procedural and substantive due process.

- All decisions made by the disciplinary committee and/or Board shall be by a majority vote.
- All hearings before the disciplinary committee and/or Board are exempt from the Open Meeting Law.

DISCIPLINARY COMMITTEE

This committee is made up of at least 3 faculty and directed by the Principal and consists of the AP of Student Culture, school counselor and selected teachers (who may change from time to time). The committee's goal is to create an individualized plan for students with repeated misbehavior in an effort to correct the issues involved, as well as to hand out fair and reasonable punishments under all of the circumstances.

BEHAVIOR INTERVENTION PLANS

Students exhibiting repeated behaviors will be placed on a behavior intervention plan. This plan is designed to put into place incentives to reward improved behavior and stricter consequences for continued misbehavior. All stakeholders will design the plan together based on tracked misbehavior. Parent, student, and administration will sign the plan in an effort to work as a team to improve student behaviors. Typical consequences for the behavior intervention plan are 3 or 6 day suspensions and then expulsion, if misbehavior continues. Incentives are received frequently for positive behavior. If a student goes one month straight without misbehavior, they may be removed from the conditions of the plan, but intermittent incentives will be continued.

- Students placed on a behavior intervention plan may be flagged as a "habitual disciplinary problem," .
